ISRAEL, JORDAN EXCHANGE CHARGES OVER NEW ATTACKS

IN letters to the UN Security Council, Jordan and Israel accused each other last week over the responsibility for new shooting incidents in the area.

Israel said she had had to resort to "limited air action" against Jordanian artillery positions on the east bank of the Jordan river on Monday of last week in order to protect life and property of the inhabitants of two Israeli villages which had been subjected to "intense and indiscriminate" shelling.

Jordan said that Israel had in fact carried out a "criminal and unprovoked" air attack on Jordanian villages, and now was pleading self-defence in an attempt to cover up her "naked aggression".

Meanwhile, Israel denied Jordan's earlier charge that her forces on the west bank had shelled a refugee camp on the east bank the previous week. Stating that her forces

U. N. Report Assails Rhodesia Discrimination

A special UN report issued at UN Headquarters in New York last week said that Africans in Rhodesia were living in conditions at best described as slavery under the white minority regime entrenched in Salisbury.

The report prepared for the UN Commission on Human Rights by Mr Manouchehr Ganji of Iran, specified that the term was being used as defined in the 1926 Anti-Slavery Convention.

The study drew a picture of massive discrimination against 4,150,000 Africans as compared to 224,000 of European extraction. It said the illegal regime headed by Mr Ian Smith, which broke away from the British Crown over two years ago, was evidently moving towards systematic apartheid as practised in neighbouring South Africa.

Africans, it said, had very limited opportunities to take part in the central Government, and participated in local government only in rural areas. Their freedom of movement was curbed by various regulations; their homes could not be reached without warrant; and there were many other infringements on their personal freedom and security.

Africans, the study said, were tried in separate courts; in criminal cases they were not entitled to trial by jury; and membership in juries was limited to Europeans only.

Colonel Pace Replaces Col Cole as Force CMO

AN important change in the Force Senior Officer Staff occurred last week when Colonel Jimmy Cole, MBE, DPH, handed over his duties as Chief Medical Officer of the Force to Colonel Tommy Pace, OBE, MD, DPH.

After being commissioned some thirty years ago, Colonel Pace saw service on the North-West Frontier of India. He served throughout the Second World War, was Mentioned in Despatches and in November, 1945, was made an Officer of the Order of the British Empire (OBE).

\$119 MILLIONS PLEGGED TO UN FOOD PROGRAM

The United Nations World Food Program can count on contributions amounting to 119 million dollars for 1969 and 1970 according to a pledging conference held at UN Headquarters in New York last week. A total of 49 countries made specific commitments; others indicated they would do so later.

The results represented three-fifths of a target figure of 200 million dollars. Proportionately, this is about the same degree of success that was achieved in raising funds for the current programme. However, the outgoing head of the aid programme, Mr Addeke Boerma of the Netherlands (recently elected Director-General of the Food and Agriculture Organisation), told a press conference that he was disappointed in the outcome.

The World Food Program has been in operation for five years. Its main purpose is to use food supplies to stimulate greater food production in poorer nations; it has undertaken 264 aid projects in 64 countries. Contributions of recipient countries to these projects have been four times those of the programme itself.

The World Food Program also provides some emergency aid to victims of disasters — natural or man-made.

IRCON Officer Dies at Xeros

CAPT Christopher McNamara, Transport Officer with the Irish Contingent serving with UNFICYP, died on Tuesday morning at Xeros from natural causes.

Capt. McNamara had been serving with IRCON in Cyprus since 11 September last year.

His body will be flown back to Ireland for burial.

Colonel Pace has held appointments in the British Army Health Organisation serving with the British Army of the Rhine, Western Command (United Kingdom), and the Far East. He was Assistant Director of Medical Services in East

DANCON - NYT

VALG

Selv om der er 3167 km fra Nicosia til Folketinget, har det nært forestående folketingsvalg nået os med en af sine udløbere - stemmeafgivning pr. brev. Da valget for DANCON blev tilrettelagt af OL P.M.C. Horn og MAJ F. Schiøtte, fastsatte de i tro tradition til Folketinget en tirsdag til valgdag, nemlig den 9. januar. Commanderen var den første, der afgav sin stemme i Nicosia Club, hvor foruden STKMP også DANCIVPOL og MPKDO stemte.

X, Y, Z, A, B, C - hvor skal jeg dog sætte mit kryds? Never mind, jeg tror, jeg stemmer på mig selv!

PHIDIENS DØD.

HAR DE SET...?

KOLOSSI CASTLE

Tag til Limassol og kør ca. 7 miles ud ad vejen mod Paphos, og på venstre side ligger så Kolossi Castle. Borgen blev formentlig bygget omkring år 1210 af Hugh I til Ridderne af St. Johns ordenen i Jerusalem. Senere blev det overgivet til ridder-munkene og derpå til Johanniter-ridderne, som havde tre områder på øen, såkaldte "commanderías", hvoraf det vigtigste var området omkring Limassol, Commandaria St. John.

Som omtalt i DANCON-KUREN onsdag den 10. januar blev der slået en "Phidi"-slange ihjel i A-KMP's område. Den er helt sort og ligner den danske snog til forveksling, den har dog ingen gule nakkepletter, men "Phidien" er heller ikke giftig. KS 080 Christiansen fra AKMP holder triumferende "Phidien".

OBS - OBS!

The Blue Beret's danske redaktion gør herved sine læsere opmærksomme på, at besvarelser på sidste nummers nytårskonkurrence skal være redaktionen i hænde senest tirsdag d. 23. januar kl. 1200 B. Besvarelserne lægges i en kuvert, som sendes til DANCON's pressetjeneste (NB! Ingen frimærker på kuverten!)

FÄRGSTARKT VAKTBYTE

Den vigtige opgave at vakte UNFICYP HQ var under forrige uge anført af 2. plut., 1. komp. Vaktavløsningen på mandagsformiddagen, som gik perfekt, blev en färgstark ceremoni. Svenskarna övertog nämligen vaktuppgifterna runt HQ efter kanadensiska The Black Watch, utstyrda i kilts.

På bilden sker vaktbytet vid en av infarterna till HQ med Leif Rydholm från Nybro som pågående post. Avgående är Pte Dave Sheppard (t.v.) och Cpl Jim Dort övervakar att allt går reglementsenligt till.

Bortglömd!

En av de glada gossarna runt "Tuffa Viktor" i förra veckans Blue Beret blev tyvärr utan namn, nämligen plutonchefen själv, Lt Lars Siljeholm. Rd. beklagar - keep smiling!

Han haller formen trots fot i bandage

I Chatos är bordtennisbordet i hallen en central punkt. Göran Nyqvist, Motala, har tidigare ägnat sig åt mer kraftödade och tydligen också farligare spänstsporter än ping-pong. Gipsbandaget fick han efter ha deltagit i kompanimästerskapets längdhoppstävling. Han kom på andra plats med ett hopp på 5,28 meter. Göran skadade hälen och får ett tag framöver hoppa omkring med gipsbandage. På så sätt håller han formen uppe.

Svenska sidan byter redaktör

Ny på Cypern och på redaktionsstolen för Blue Beret svenska sida är mj Bertil Vrang, Swedcons nye zonpressofficer.

Mj Vrang har i Sverige efter en fil mag-examen i engelska och svenska utövat journalistik på Falköpings Tidning. Dessutom har Bertil Vrang FN-erfarenhet från svenska bataljoner i både Gaza och Kongo.

Varmt välkommen, säger företrädaren.

KRH AMPUU

Melkoisia ponnisteluja, kovaa vauhtia ja paljon hikeä vaatineet krh-ammunnat suoritettiin pataljoonamme krh-joukkueen puitteissa mukavan sään vallitessa toista viikkoa sitten. Tällä aukeamalla näemme aselajiylpeitä krh-miehiä heille tutuissa touhuissa. Ladataan ja ammutaan kerroittain ja vuorottain. Välillä vaihdetaan asemia juoksujalkaa ja taas ammutaan. Ja hyvin menee, sen kertovat ilmeet parhaiten. Tulenjohtaja (kuva vasemmalla) ja suuntaaja (kuva vasemmalla alhaalla) eivät ainakaan näytä harmistuneilta. Eikä ole valittamista muidenkaan krh-miesten otteissa. Tämänkertaisen ammuntojen motto näyttää olleen: reippaasti ja hymysuin.

UN Approves Technical Aid For 70 Nations

A Record programme of assistance to some 70 developing nations was approved last week by the Governing Council of the UN Development Programme meeting at UN Headquarters in New York.

UN assistance approved includes 95 new pre-investment projects and supplementary financing for five existing ones. Total cost is estimated at 228 million dollars of which the UN programme will contribute 91 millions, with recipient Governments providing the larger share.

The projects involve training of specialists, surveys of various natural resources, research and economic development planning, agriculture, industry, public utilities, housing public administration and many other economic services.

The Governing Council approved UN cooperation in a project in Cyprus involving training of hotel and other tourism personnel. The purpose of the project, the duration of which is four years, is to assist the Government of Cyprus in the establishment of a Hotel and Catering Institute in Nicosia. The activities of the Institute will be aimed at training existing and potential hotel and travel agency managers and their senior staff. The Governing Council approved a participation of 862,100 dollars on behalf of the UN, while the Government of Cyprus will contribute the equivalent of \$1,175,000.

"EUROPEAN CUP"

HQ UNFICYP Sgts Mess Down Dhekelia Ord Depot

The first leg of the semi-final in the 'European cup' was played by HQ UNFICYP Sgts Mess against the Ordnance Depot (Dhekelia) Sgts Mess at Nicosia on 7 January.

Loose marking by the Depot soon enable Keohane to open HQ UN's account with a cracking drive. HQ UN continued to press strongly and they increased their lead in the twentieth minute when the Ord Depot's centre half, harassed by three forwards, back-headed the ball into his own net.

Half-Time score: HQ UN 2, Ord Depot 0.

Ord Depot started to build up dangerous looking attacks, but quick tackling thwarted their finishing. HQ UN centre-half, Tiley, marshalling the defence very well and prompting the forwards with accurate passes was easily the outstanding player on the field.

HQ UN confirmed their superiority when they scored again. Tiley floated a corner kick into the centre and Smith converted with a glorious header.

Final score: HQ UN 3, Ord Depot 0.

The second leg took place at

UNFICYP HQ RUNNERS ENTER CROSS COUNTRY

RESIDENTS of HQ UNFICYP may have seen recently three brave figures in running kit purposefully striding out around the Camp and air-field areas.

These athletic enthusiasts will be competing in the Army (Cyprus) Cross Country Running Championships at Dhekelia on Friday, 19 January. Blue Beret wish a good run to Cpl John Sabin (RE Detachment), Craftsmen Kenneth Dennis Baker and Alan Stroud (both UNFICYP Workshops, REME).

All three have competed in the British Army Athletics Championships at Aldershot both as individuals and as members of their respective unit teams. Cfn Baker also ran for the British Army against the German Army in Germany, last summer. At Dhekelia they will be running as individuals.

ISRAEL, JORDAN...

(Continued from p. 1)

had been compelled to return Jordanian fire in self-defence, Israel said it was regrettable that, since Jordanian artillery positions were located in populated areas, some civilians might also have been hit.

In another development involving the Middle East, the Commissioner-General of the UN Palestine refugee agency (UNRWA), Mr. Laurence Michelmore, has renewed his appeal for the return of last June's Arab refugees to their homes.

Dhekelia last Sunday, and playing against a string wind, HQ UN were the first on the attack but for the first ten minutes play saw-sawed from end to end with the Ord Depot just having the edge. However, there was no score until just before half time when the Depot took the lead with a well taken goal.

Half time score: Ord Depot 1, HQ UN 0.

Playing with their defence in depth, HQ UN were confining the Ord Depot's forwards to long range shooting. As in the first leg, HQ's Tiley was outstanding.

Ord Depot were unlucky not to increase their lead when they hit the post and the ball crossed the front of the goal with no one able to take advantage of it, but they were not to be denied, scoring in the closing minutes.

Final score: Ord Depot 2, HQ UN 0.

HQ UN enter the final winning on aggregate 3—2.
