## ARMS AGREEMENT

The following is the full text of a special report submitted by the Secretary-General to the Security Council on 21st April 1972 as Document S/10564/Add. 1.

"1. In my previous special report of 16 March 1972 (S/10564) to the Security Council on recent developments in Cyprus, I informed the Council that through an exchange of letters dated 10 March 1972 between the Minister of Foreign Affairs of Cyprus and my Special Representative, Mr. B.F. Ossorio-Tafall, an arrangement

## FAREWELL

Casino - Masters, play here;  
I will content your pains.  
Something that's brief; and  
bid "Good morrow, General".  
(Act 3, Scene 1. Othello)

Major General D. Prem Chand the Force Commander receives the salute for the last time from members of 47 Battalion, Swedcon, who have for the past six months carried out the OP duties in the lofty "crows nest" at the Citadel on the Venetian walls at Famagusta.

The Force Commander also inspected members of the battalion at Carl Gustav Camp. He was accompanied to "OP Othello" by the Commander Swedcon Lieutenant Colonel J.E. Liedgren.

The Citadel at Famagusta is taken to be the setting for Shakespeare's play "Othello".

concerning the safe storage and inspection of the arms and ammunition imported by the Government of Cyprus in January 1972 had been agreed upon. It was made clear at the time that this arrangement would be regarded as provisional and would not preclude a subsequent improved arrangement.

2. Pursuant to my instructions, the Special Representative and the Force Commander, Major General D. Prem Chand, have continued discussions with the President of the Republic and the Minister of Foreign Affairs. These discussions, I am pleased to report, have resulted in an improved arrangement which has been set out in a further exchange of letters on 20 April 1972 between the Minister of Foreign Affairs

and my Special Representative.

3. Under the improved arrangement the weapons and ammunition, except for the high explosive munitions, will be stored in a fenced area within the perimeter of the UNFICYP camp which is used as the Force Administrative Base. The fenced area where the arms will be stored will be in the charge of unarmed Cyprus police personnel. Control of the camp perimeter and access to it will be the responsibility of UNFICYP. Procedures have been devised to ensure that, apart from the inspections by UNFICYP, only persons specifically authorized by the Government to have access to the arms storage area will be admitted to it. The high explosive munitions will remain at Government Police Headquarters in Athalassa but the fuses will be stored at the UNFICYP camp with the other weapons and ammunition. There will be a system of double locks and keys both at the storage area at the UNFICYP camp and at the

4. Now that this improved arrangement for the storage and supervision of the arms has been agreed upon, I wish to reiterate my hope that all concerned will find it possible to resume the search for a solution of the underlying problem of Cyprus through the prompt reactivation of the intercommunal talks on the basis of the Aide Memoire of 18 October 1971 (S/10401, para. 79)."

## SUCSESIG FEST PÅ DRONNINGENS FØDSELDAG

Der er normalt lio pct.s fremmøde fra de inviterede, når Dancon kalder til fest, og det var ingen undtagelse, da man lørdag den 15. ds. fejrede Dronning Margrethes fødselsdag.

Gæsterne blev modtaget ved indgangen til Officersmessen af gardere i smukke, blå uniformer, så stemningen var slæt an fra starten.

Festen blev en meget stor succes og officerer hos Dancon ønsker herigenom at takke alle for den fantastiske indsats, der blev ydet.

## BENZINVOGN NED AD SKRÆNT

Onsdag den 19 APR skete der et kedeligt uhedt omkring Vouni Palace. En brændstovogn køre ud over en skrænt og faldt ca. 2 1/2m. ned. Endnu engang en påmindelse om at køre forsigtigt. Her ses nogle billede fra torsdagens bjærgningsarbejde.

## CYPERNTILLAEG KONTROLLERES

LT B. Nielsen er her i gang med at kontrollere de anlagte Cyperntillaeg. SG A. Sørensen og KS J.A. Hansen ser meget interesseret på KS F.L. Pedersens mave; det er vist kun meget få, der ærligt kan sige, at de ikke har hentet omkring en små 6-7 kg oven i den normale vægt. Utroligt når man tanker på den iver, der lægges for dagen, når der står FUT på programmet.

### I STOR STIL

Arkeolog-fantomen kapten Gustaf Hester från okända staden Lund lovade på ett tidigt stadium komma med en initierad rapport från den omtalade expedition han ledde i Klippiga bergen på "Pan Hande". Det hela har emellertid inskränkt sig till en idolporträtt av ledaren själv på vars baksida han noterat "Le-  
daren i karakteristisk pose efter framgångsrik uppstigning".

### ADRESSER

Till den adresslista som presenterades i senaste numret av Cypressen kommer här en liten komplettering. De båda fanjunkarna på fasta radion kom av någon anledning inte med och inte heller en kille på fjärde platon:

### NYA REDSKAP

Och så ber "sjukhusdirektören" Nils Sellin att få presentera ett par redskap i den nya fältutrustning som utnyttjas vid Villa Oasis. De är helt i stil med den moderna sjukhusvetenskapen och mycket effektiva. Se bilden nedan.

## SPÄNNANDE VAD SOM FINNS KVAR

En av de verkligt stora och sköna händelserna i samband med rotationen är själva inlämningen av prylar. Ingen kan ju förneka att det är svårt att hålla ordning på alla utkvitterade grejer. Därför är det också spännande att se vad som saknas efter ett halvt års Cypern-tjänst. Kanske kåsan försvunnit eller ficklampan eller kanske en strumpa.

I sådana tider gäller det att hålla ordning särskilt noga på sina egna grejer. Det är så lätt att de försätts. Allra skönast att lämna in här på Cypern var kanske vindrocken - denna fantastiska persedel som vi haft stor glädje av under gångna vintern.

På bilden till vänster är det manna ur första platon som köar utanför huvudförrådet.

## IDROTSARRANGÖRER PUSTAR UT

Så är alla idrottsliga evenemang under denna vinterkontingent avverkade och arrangörerna kn Per-Olov Sundgren och öfu Stig Edqvist pustar ut. Sammanfattningskan man väl säga att de svenska idrottsliga prestationerna varit bra - kanske långt över förväntan. Vems nu förtjänste nvarit. Lite snopet dock att vi förlorade fotbollsfinalen. Den hade vi ju trots allt varit värdar att vinna. Det var också två bedrövade idrottsledare som kom hem efter slutfinalen i Nicosia och berättade om nederlaget.

Något som vidare inte blivit av, till sorg för en del, är bataljonsmästerkapet i fotboll. På slutet av 47:ans vistelse här nere räckte tiden helt enkelt inte till.

Bäste idrottsman vid bataljonen har också korats. Det blev korral Sune Palm från Unnaryd.

## QUEST FOR CULTURE

Stavrovouni Monasteri and its associated house and farm at St. Barbaras situated within "The Rangers Parish" is a favourite visiting place for members of the Regiment during their off duty hours.

The monks at St. Barbaras are noted for their prowess as icon painters and one, Brother Michael is at work on a painting of St. Patrick which is destined to hang in the Rangers Church at Deilinghofen in Germany.

The monks are also noted for the excellence of the honey and wine which they produce and rumour hath it, that, that all purpose drink Zeevaneea may also be obtained. The good monks no doubt make it available for medicinal purposes;

used as embrocation it cures all aches and pains — taken internally it could produce a few! It is also used it is said, by villagers as fuel with which to cook their early morning cup of coffee!

## POLEMIDHIA'S

### PARTY TIME

Recently members of the Junior Ranks' Club of the Royal Irish Rangers were hosts to junior members of the local Greek and Turkish communities.

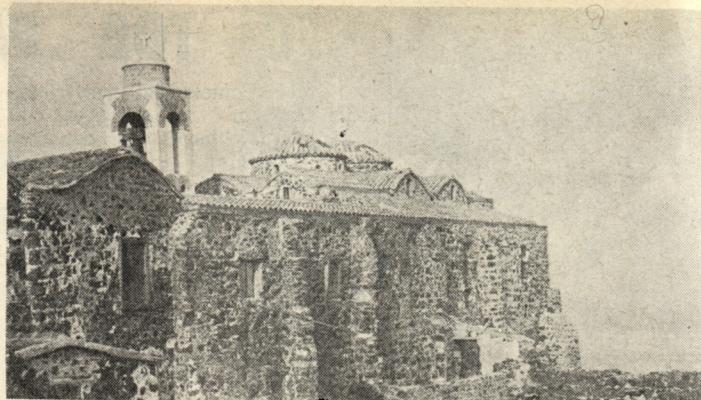

The arrangements were made by Miss Betty Winn — The Rangers WRVS Representative — and her band of willing assistants, who seemed to enjoy the afternoon's activities just as much as the children.

A film show was organised by Corporal 'Count' Curlett. Trampoline exercises were controlled by Staff Sergeant 'Muscles' Griffiths, party food was produced in the Junior Ranks' kitchen and members of the Sergeants' Mess, Corporals and WRVS Clubs contributed to a very successful and happy party.

• WRVS Representatives Betty Winn (right) Cyprus and Gaby Page from the Rangers home base in Germany with some of Limassol's junior citizens.

## LORD STRATHCONA'S HORSE

The Regiment had its origin following the North West Rebellion in 1885, when in July of that year, the "School of Mounted Infantry" was established in Winnipeg.

This unit was required to carry out the instruction for Cavalry and Infantry in Western Canada and also to have a company available for internal security. In 1891, the name was changed to "Canadian Mounted Rifle Corps" and the following year was amalgamated with the "Canadian Dragoons" who were stationed in Toronto and designated B Troop and a year later redesignated B Squadron, Canadian Dragoons.

The South African War saw B Squadron together with A Squadron from Toronto forming the nucleus of the "First Canadian Mounted Rifles, Special Service Force", which was despatched to South Africa in 1899 where they saw extensive action and returned to Canada in early 1901.

In January 1900 an offer was received from Lord Strathcona to send to South Africa, at his own expense, a mounted unit to be raised in Western Canada. This offer was accepted and Lt Col Steele of the RNWMP was appointed to command the unit which was to become known as "Strathcona's Horse".

The Regiment sailed from Halifax on 17 March 1900 and arrived in South Africa on 10 April. They had their baptism of fire on 1 July 1900. During the campaign in South Africa, the Strathconas took part in seven

Born at Halifax, Nova Scotia, Lieutenant Colonel J.A. Fox is a graduate of Royal Roads Service College, Royal Military College and Dalhousie University.

His military career began September, 1953, when he entered the Regular Officer Training Plan as an officer cadet at Royal Roads and then to Royal Military College.

Commissioned a Second Lieutenant in June, 1957, he attended Dalhousie University and in May, 1958, was appointed a troop leader with the 8th Canadian Hussars of the Royal Canadian Armoured Corps.

Following service in Europe Lt. Col. Fox returned to Canada to attend the Canadian Army Staff College in September, 1965.

A year later he was assigned to Mobile Command headquarters. In October, 1966, he went to Cyprus as staff officer for operations and returned to Mobile Command in April, 1967.

For a year beginning June, 1968, he was an exchange officer in the rank of Major with the British Army and in August, 1969, was appointed senior staff officer at Prairie Region as a Lieutenant Colonel.

Lieutenant Colonel Fox has commanded the Lord Strathcona's Horse (Royal Canadians) of 1 Combat Group, CFB Calgary, since June, 1971.

major actions and one of its members, Sgt Arthur Richardson was awarded the Victoria Cross.

In January 1901, the Regiment sailed for Canada via England where they were inspected by King Edward VII and presented with a King's Color. The Regiment sailed for Canada on 23 February and on arrival in Canada were disbanded.

In 1909 it was decided to revive the name Strathcona's Horse in the Permanent Force and this was done by renaming the Royal Canadian Mounted Rifles (the former School of Mounted Infantry and B Sqn Royal Canadian Dragoons), Strathcona's Horse (Royal Canadians). In May 1911 the Regiment was redesignated Lord Strathcona's Horse Royal Canadians and the same year the Right Honorable Lord Strathcona and Mount Royal, GCMC, GCVO, was appointed as Honorary Colonel.

With the outbreak of hostilities in 1914, the Regiment proceeded to Valcartier, Quebec and on 30 September it sailed for England as part of the First Canadian Contingent. After a short training period in England they proceeded to France in May 1915 and received their baptism of fire at Festubert shortly after arriving at the front.

On 27 March 1917 Lt. F.M.W. Harvey was awarded the Victoria Cross for his actions at Guyencourt.

On 30 March 1918 the Strathcona's took part in a Cavalry charge at Moreuil Wood, at which action Lt. G.M. Flowerdew was awarded the Victoria cross posthumously.

The Regiment returned to Canada in 1919 and was established on a two squadron basis with Regimental Headquarters and B Squadron in Calgary and A Squadron in Winnipeg.

The main role of the Regiment from 1919 to 1939 was training the Militia. In addition the Regiment was famous for its musical rides and colourful uniforms.

On the 17 Sept. 1932 the first Guidon was presented by the Earl of Bessborough at Calgary, Alta.

When war broke out in 1939 the Regiment was not immediately mobilized.

lized. In January 1940 Regimental Headquarters went to Winnipeg and one Squadron to London, Ontario where it became part of the First Canadian Cavalry Regiment (Mechanized).

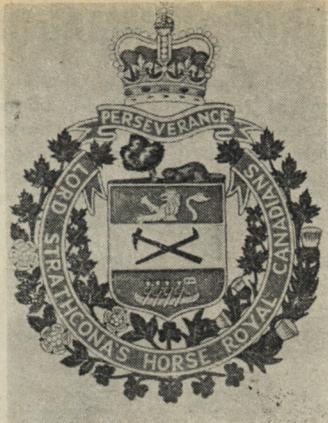

On 6 July 1940 orders were received for mobilization of the Strathcona's and the Royal Canadian Dragoons and a composite unit to be made up from the two regiments, to be known as the First Canadian Armoured Motorcycle Regiment. In late 1940 new mobilization orders were received authorizing the Strathcona's to become an Armoured regiment and to recall the Squadron from London, Ontario.

In January 1941, the unit moved to Listowel, Ontario and in June to Camp Borden where they became part of the First Canadian Armoured Brigade.

On 1 November 1941, the unit moved to Debert, Nova Scotia and then to Halifax where they embarked for England on 12 November.

A driver of a tanker with about 1,000 gallons of petrol came too close in to the left and turned over. Fortunately, nobody was injured and the REME recovery truck managed to get the tanker back to the road after several hours hard work.
