

BLUE BERET

Sector 4 Inspection

The eastern part of the 180-km long Cyprus buffer zone is known as Sector 4, and is under the command of Lt Col Jaroslav Bitala of Slovakia. There are 283 UN peacekeepers serving in Sector 1, the majority from Slovakia, and including 84 Hungarian soldiers, 46 troops from Serbia, and 2 from Ukraine. This relatively flat part of the buffer zone stretches for 65 km from east of Kaimakli village to the sea. The Sector Headquarters is located in Famagusta, at Camp General Stefanik, where Force Commander Major General Kristin Lund began her inspection of Sector 4. As part of her tour of operations in this part of the buffer zone, Maj Gen Lund visited UN military and police in the bicultural village of Pyla, as well as the Hungarian contingent HQ.
